

Hugh Harvey

Lane and I moved to Nashville in 2002 and joined Westminster as transfers from Immanuel Presbyterian Church in Milwaukee. We have both been Elders prior to this, and I have been a Deacon in a number of bicameral Congregations. I have worked at Habitat for Humanity and am co-chair for the build this year. I've worked with Carson Salyer and Joe Gaines on the disaster relief team, and with the Home Connection team. I was deeply involved in the 2015-2018 church renovation, which I really enjoyed, since I had just retired. I'm currently on the Security Committee and the Property Committee, and I have worked with the RITI team and have been a mentor. Before I retired, I spent 6 years in the Army Corps of Engineers and 36 years with Ingersoll Rand/Volvo. Lane and I have 3 children and six grandchildren, 3 in WV and 3 in SC.
