

## **Bobby Veach Jr.**

I am a native Nashvillian and grew up in west Nashville. I met Ruth Ann upon her return to Nashville after college. We were married in 1979 and will be celebrating our 46th anniversary this coming June.

When we decided to start a family, we felt strongly about raising our children in a church environment. We visited churches searching for the right place, and when we visited Westminster, we knew we had found a home. We joined Westminster in 1984, and both our children grew up at Westminster.

I spent my business career in Nashville working for Wright Industries for 41 years as Vice President of the Tool & Die Division. I am now enjoying the life of a retiree. As a retiree, I have time to play golf, duck hunt and watch our grandkids play sports. Although these activities are rewarding (especially watching the grandkids), I have found my work with several of the ministries offered at Westminster just as rewarding, if not more.

Early in my membership at Westminster I helped in the Nursery, teaching Sunday school and as Chairperson of the Family Retreat at NaCoMe for 3 years.

Presently, I am involved with Home Connection, Living Waters and Habitat for Humanity.
