

Betsy Bernstein

Betsy and her husband, Thomas, have been members of Westminster since 2017. From her very first visit, Betsy was drawn to Westminster's warm welcome and vibrant community across generations, a spirit similar to her childhood congregation at Independent Presbyterian Church in Birmingham, Alabama. Over the past several years, she has loved serving as a shepherd for the first-grade Sunday School classes and engaging in Westminster's young families community.

Betsy and Thomas have two daughters, Sally (almost 11) and Maggie (9), who stay busy with just about every sport imaginable while also exploring their love of theater through Nashville Theater School. As a family, they have cherished the friendships they've found at Westminster and especially look forward to the family weekend at NaCoMe each year.

Professionally, Betsy has spent nearly 20 years in healthcare, leading innovation, growth, and strategic partnerships. She has held executive leadership roles with local startups and major health systems, including HCA and Ascension Saint Thomas, where she most recently served as Vice President of Joint Ventures.

Betsy is excited and humbled to serve on the Pastor Nominating Committee and appreciates the opportunity to be part of this important season in the life of Westminster.
