

Hugh Harvey

Lane and I moved to Nashville in 2002 (after many moves over 30 years). We joined Westminster as transfers from Immanuel Presbyterian Church in Milwaukee. We have both been Elders before this, and I have been a Deacon in several bicameral Congregations. I've worked at Habitat for Humanity on home building and as a "shopdog", and just rolled off as co-chair for the builds. I've worked with Carson Salyer and Joe Gaines on the disaster relief team, and with the Home Connection team. I was deeply involved in the 2015-2018 church renovation, which I really enjoyed, since I had just retired. I have worked with the RITI team and have been a mentor.

I'm currently on the Security Committee, the Property Committee, and the WSYC Board.

Before I retired, I spent 6 years in the Army Corps of Engineers and 36 years with Ingersoll Rand/Volvo. Lane and I have 3 children and six grandchildren, 3 in WV and 3 in SC.
